

An abstract graphic consisting of numerous clusters of small, colored circles (representing protein subunits) in shades of red, yellow, orange, green, and blue. These clusters are interconnected by a network of thin, black, curved lines that create a mesh-like structure across the top and middle of the page.

# 4th German p53 Workshop

## 13-14 January 2025

### Organzier

**Martin Fischer**

Leibniz Institute on Aging - FLI

### Registration

Registration deadline

**30 November 2024**

### Venue

Leibniz Institute on Aging  
Beutenbergstr. 11, 07745 Jena
